## Exemption from Event Attendance for Conditional Registration

In 2016 the club passed a resolution ***“requiring all members to attend a minimum of four (4) events (annually) to be eligible to maintain their vehicles on conditional registration. The committee have the right to issue exemptions”.***

Use this form if there are extenuating circumstances as to why you have not attended 4 events since your last registration renewal and would like to seek an exemption from the committee for your upcoming renewal.

### Notes:

1. Club Events are: Monthly meetings or events published in the Klaxon;
2. Club Events are **not**: Inspection days or test runs or personal use log book entries;
3. Hand this completed form to a committee person for its review & discussion at the next committee meeting (usually 3<sup>rd</sup> Tuesday of each month);
