PRESIDENT'S REPORT

I hope everyone had an enjoyable Christmas and welcome in the new year with a few quiet drinks with family and friends.

Our youngest son Andrew and his partner spent Christmas Day with us, it was an extremely hot and humid day for all of us. Out of all our three children Andrew is really the only child who has an interest in older cars, which is promising for the future when I will no longer be driving our cars.

On a sadder note I have reluctantly accepted the resignation of our long serving Editor Clyde Northcott who decided his time is up in this role. Clyde was our Editor for the RGCCQ for several years, and previously was the Editor for the Sunbeam Owners Club of Queensland for many years. He will be missed and the Committee wishes him all the best as he works on his car restorations and from all of us a big thank you for all his efforts as Editor for both car clubs over many years.

So we are looking for a new Editor for 2027, it is not a difficult role and all the layout and email templates are in place and requires only a few hours a month to do.

So if you would like to be more involved with the Club in 2027, please let us know!

In the interim leading up to our AGM in March I will be the Acting Editor to ensure continuity of communication occurs.

Now we have managed to survive Christmas and New Year commitments our first event for 2027 is the annual Bayside Vehicle Restorers Club Australia Day event at the Ormiston State School. The details are in the Newsletter and I thought rather than arriving in dribs and drabs, if we could meet at Camp Hill BWS car park 724 Old Cleveland Road at 6.30am for the drive out to Ormiston.

Also please note the date for our Club AGM, the notice will be sent out to you separately shortly which we will be holding at the Camp Hill Hotel on March 8.

It would be appreciated if you, as our members, could attend, as it is a good opportunity for you to ask questions and there are also other roles, we are looking at filling in on the Committee as well.

I have taken the opportunity during the Christmas period to start sorting and labelling my not so small spare parts that I have accumulated over the past thirty or so years. Not just Rootes car parts but also ones for our Fiat, Alfa and Maserati cars as well. It is always interesting when you discover a part that you did not know you had. For example I found a set of side windows for a Sunbeam Talbot Alpine or an oil cooler for a Hillman Imp. I found it hard to rationalise some of the larger body panels which I thought I might need; however they have been sitting there for decades so some unfortunately went to scrap.

Enough from me this month and looking forward to catching up with you for our drive out to the Australia Day Rally at Ormiston on January 26. Also you can always contact me directly on 0402 423 800 or by email at elizabethkindy@westnet.com.au.

PS: Keep those 2026 membership renewals coming in and many thanks to those who have already renewed!

Impromptu Events / COVID

Financial / Current Members – create your own impromptu event. Lead others to a favourite spot of your choosing and enjoy their company in their classic cars. Remember to carry a copy of the impromptu event approval with you when driving to and from any event. It is also wise to carry a printed copy of the invitation / newsletter excerpt / webpage of any event you are travelling to and from in case you are pulled over for any reason.

The Management Committee recommend the following advice be offered to our members who may be contemplating taking part in Club activities in the future:

The Club's website has an Application Form that when fully completed is automatically sent to the Events Manager.

His job will then require resending the Application as an email to ALL members.

Accordingly, the Application will require a start time and those members wishing to take part in the Event will need to phone the Applicant to obtain the requisite details.

It is anticipated that these Impromptu Events will often take place during mid-week outside of the regular Club events.

You will be asked to obtain the names of attendees and for them to sign an attendance sheet.

WEARING OF SEAT BELTS—CLASSIC VEHICLES

The government camera scheme to detect wearing of seatbelts has been clarified by the Transport Main Roads with respect to wearing them whilst in a Classic car built prior to 1969 (when seatbelts were not installed when manufactured). A representative of the TMR has stated that all photos taken are cross-referenced with the vehicle registration details and if the vehicle is prior to 1969 and NO belts were fitted, NO FURTHER ACTION WOULD OCCUR—THE PHOTO WOULD BE DISMISSED.

However, if a photo was inadvertently processed and a summons was issued, contact TMR and they will deal with it in your favour.
