Enjoy the Ride

By Trevor Hoffmann

We have had prices for closing in part of the verandah to house the Hudson and a builder has been given the job to proceed.

The spray booth is closed until further notice. There is a lot of hoops to jump through to get it to the stage where the insurance company is happy that it complies. The main frame of the building has a lot of rust and the tall chimney has a large rust hole-the extraction fan would not have been working very well. Even if we do all the work to bring it up to scratch we will have to have yearly inspections at this stage we have no idea of the charges involved. As we only paint a few cars every year it will have to be determined if it is economical for us to proceed with these works.

The preliminary work for the 2026 swap is proceeding quite well. We had an informal meeting at Farmfest looking at maybe moving out there, no decision has been made. All the rumours going around are a good story.

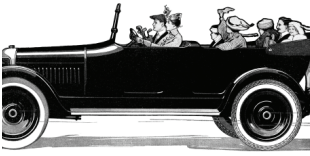

December is a busy month with a lot of functions being held by the club. These are listed in the newsletter.

On behalf of Judy and myself we wish you all a Happy Christmas and prosperous New Year.

Happy and safe motoring

Could all Club Members please wear your Name Tags to all club functions and meetings so all members and especially new members can introduce themselves.

HARVEST RALLY REPORT

HARVEST RALLY 29TH NOVEMBER

This run is one of our annual rallies that we compete for every November. The Harvest Rally goes back over fifty years to the beginnings of the club and the current trophy, begun in 1997, superseded the original one which couldn't be engraved any more because there was no room left.

This year's rally was scheduled for Sunday the 16th but Rally Director Ben made the call to postpone as heavy rain was predicted. This decision turned out to be a good call as it was an extremely wet weekend.

Instead, he scheduled the rally on Saturday 29th to coincide with an open day held by local firm RDO who is the John Deere agent. They put on a fantastic turnout with a sausage sizzle, entertainment, lollies and face painting for the kids and a tour through their very modern facility.

The spare parts section is massive and completely automated while the workshop has every bell and whistle. A workforce of around 150 work at the Whitmack Road premises.

A number of members made purchases including apparel and toys but Lyle outdid everyone and bought a new mower (so I'm told).

Unfortunately, Ben had a hospital stay and couldn't make it on the day. He and Toni with help from their daughter Imogen planned a quiz with an agricultural theme. We had to write down the season of the year that a number of crops were harvested.

After completing our RDO visit, we drove across to the Wheatsheaf Hotel for lunch. This run took us on some wonderful backroads through Westbrook, Wyreema, Cambooya and Greenmount.

Lunch at the newly opened pub worked well. The room was large enough to hold us all and the meals were very enjoyable.

Trevor and Judy Hoffmann were the winners of the rally quiz

FROM THE LIBRARY

A big thank you to Cornel Peters for his generous donation of 23 copies of Restored Cars magazine back issues to help bring the library set nearer completion.

OUT AND ABOUT

During the recent L.A.M.A. Invitational Rally participants visited 9Dorf Farms at Lilydale. It is a mixed farm producing fish (for live export), stock feed, processed chickens, eggs and events.

Quiz Question #1

Two men are in a desert. They both have backpacks on. One of the guys is dead. The guy who is alive has his backpack open and the guy who is dead has his backpack closed. What is in the dead man's backpack?

Answer on page # 9

The cartoon above came from the DAILY TELEGRAPH

Back in 1979 when I joined the club, many of us were young blokes who had families living at home. Christmas parties in those days were a family affair and the event was held at WILLOW SPRINGS. This venue was on the property now known a SPRINGS GARDEN WORLD. Not a lot of the old Willow Springs is left apart from the pool.

I can remember the club putting on a free barbeque and having ice creams for the kids. After a while, we did something different either based at the old clubhouse in Water St or at another venue. I can remember a meal at the Shamrock Hotel. These events may have involved a bit of a run beforehand..

On moving to Rocla Court in 1993, we tended to have our Christmas function at the club house particularly after the big room was completed in 2000. We often used a caterer to try to make it a day where the Ladies didn't have to spend time with preparation and cleaning up. During those times our ladies were very prominent in club organisation.

After a time, we found it was easier and often cheaper using another venue as they did everything and all we had to do was turn up. We continued to have a car event on the same day and the dinner has always been subsidized as far as I can recollect.

Lately we seem to have two Christmas parties.

The photo below was apparently taken around 1950. I think this building was next to Brown's Service station opposite the Police station in Neil St.

2026 DDVVMC TOOWOOMBA SWAP INFORMATION FOR OUR CLUB MEMBERS

CALL FOR SWAP HELP

A copy of the Draft Swap Roster for the 2026 Toowoomba Swap is included with this newsletter.

We have a significant shortage with our DDVVMC club member workforce with 16 vacant spots on the roster that need to be filled. There are -

- 10 vacancies at various times at the Main Entrance (Gate1) during Friday 6 February and Saturday 7 February;
- 3 vacancies at the Southern Carpark on Friday 6 February;
- 2 vacancies at Berghoffer Pavillion on Friday 6 February and Saturday 7 February; and
- 1 more member is needed to undertake site controller duties on Friday 6 February.

The draft Swap Roster highlights in red those spots on the roster where staffing shortages exist. It is essential that these critical staffing shortages are filled and members are asked to come forward and volunteer to ensure the swap workforce is adequately resourced. In addition to the critical shortages identified on the roster we can use more help in other areas to ease the burden upon all of us. Just as the old saying goes Many Hands Make Light Work.

The swap has given us all of the facilities that we all enjoy as club members today and it is an expectation of our membership that all able-bodied members do their bit and help out at the swap. That is not a big ask and this is the one and only fund-raising event we hold each year.

If you can help by filling the staffing shortages, please contact Trevor Hoffmann on 0412 861 181 or Jim Beh on 0400 163 703.

Additionally, for members who are already on the swap roster, please notify your Area Supervisor if you need to change your allocated shift or if circumstances arise that mean you are unable to work at the swap.
